G.M.C.B. Ltd.
Accountant's Report
For The Year Ended 30 April 2025

Report to the director on the preparation of the unaudited statutory accounts of G.M.C.B. Ltd. for the year ended 30 April 2025

In order to assist you to fulfil your duties under the Companies Act 2006, I have prepared for your approval the accounts of G.M.C.B. Ltd. for the year ended 30 April 2025 which comprise the Profit and Loss Account, the Balance Sheet and the related notes, from the company's accounting records and from information and explanations you have given to us.

As a practising member of ICAS, we are subject to its ethical and other professional requirements which are detailed at https://www.icas.com/regulation-technical-resources/documents/framework-for-the-preparation-of-accounts-revised-june-2020.

This report is made solely to the director of G.M.C.B. Ltd. , as a body, in accordance with the terms of our engagement letter dated 18 January 2023. Our work has been undertaken solely to prepare for your approval the accounts of G.M.C.B. Ltd. and state those matters that we have agreed to state to the director of G.M.C.B. Ltd. , as a body, in this report in accordance with the requirements of the ICAS as detailed at https://www.icas.com/regulation-technical-resources/documents/framework-for-the-preparation-of-accounts-revised-june-2020. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than G.M.C.B. Ltd. and its director, as a body, for our work or for this report.

It is your duty to ensure that G.M.C.B. Ltd. has kept adequate accounting records and to prepare statutory accounts that give a true and fair view of the assets, liabilities, financial position and profit or loss of G.M.C.B. Ltd. . You consider that G.M.C.B. Ltd. is exempt from the statutory audit requirement for the year.

We have not been instructed to carry out an audit or a review of the accounts of G.M.C.B. Ltd. . For this reason, we have not verified the accuracy or completeness of the accounting records or information and explanations you have given to us and we do not, therefore, express any opinion on the statutory accounts.

Signed

---

For the year ending 30 April 2025 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

The member has not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These accounts have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

The company has taken advantage of section 444(1) of the Companies Act 2006 and opted not to deliver to the registrar a copy of the company's Profit and Loss Account.

On behalf of the board

Mr S Walker

Director
26 January 2026

The notes on pages 4 to 7 form part of these financial statements.

1. General Information

G.M.C.B. Ltd. is a private company, limited by shares, incorporated in Scotland, registered number SC284050 . The registered office is Standhill Industrial Park, Whitburn Road, Bathgate, West Lothian, EH48 2HR.

2. Accounting Policies

2.1. Basis of Preparation of Financial Statements

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102 section 1A Small Entities "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006.

2.2. Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover is reduced for estimated customer returns, rebates and other similar allowances.

Rendering of services

Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs. Turnover is only recognised to the extent of recoverable expenses when the outcome of a contract cannot be estimated reliably.

2.3. Tangible Fixed Assets and Depreciation

Tangible fixed assets are measured at cost less accumulated depreciation and any accumulated impairment losses. Depreciation is provided at rates calculated to write off the cost of the fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Freehold	2% on cost
Plant & Machinery	25% on cost
Motor Vehicles	25% reducing balance
Fixtures & Fittings	20% on cost

2.4. Leasing and Hire Purchase Contracts

Assets obtained under finance leases are capitalised as tangible fixed assets. Assets acquired under finance leases are depreciated over the shorter of the lease term and their useful lives. Assets acquired under hire purchase contracts are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in the creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged to the profit and loss account as incurred.

2.5. Stocks and Work in Progress

Stocks and work in progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads. Work-in-progress is reflected in the accounts on a contract by contract basis by recording turnover and related costs as contract activity progresses.

2.6. Financial Instruments

Basic financial instruments are initially recognised at transaction price, including transaction costs, and subsequently measured at amortised cost using the effective interest method, where applicable. These can include trade and other debtors, cash and bank balances, trade and other creditors, and intercompany balances. Financial assets are assessed at the end of each reporting period for evidence of impairment and adjusted if necessary. The company does not hold or issue any complex financial instruments such as derivatives.

2.7. **Taxation**

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the statement of comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on timing differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable timing differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible timing differences can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. Deferred tax liabilities are presented within provisions for liabilities and deferred tax assets within debtors. The measurement of deferred tax liabilities and assets reflect the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in profit or loss for the year, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case current and deferred tax are recognised in other comprehensive income or directly in equity respectively.

2.8. **Pensions**

The company operates a defined pension contribution scheme. Contributions are charged to the profit and loss account as they become payable in accordance with the rules of the scheme.

3. **Average Number of Employees**

Average number of employees, including directors, during the year was: 32 (2024: 30)

4. **Tangible Assets**

	Land & Property Freehold	Plant & Machinery	Motor Vehicles	Fixtures & Fittings	Total
	£	£	£	£	£
Cost					
As at 1 May 2024	12,797	1,770,711	855,542	350,320	2,989,370
Additions	-	219,193	114,600	-	333,793
